

The Evolving Multimodal Management Plan for Postoperative Ileus

APPLICATIONS IN PRACTICE EDUCATIONAL RESOURCE

Postoperative Ileus Retrospective Performance Review

| | Chart 1 | Chart 2 | Chart 3 | Chart 4 | Chart 5 | Chart 6 |
|---|---------|---------|---------|---------|---------|---------|
| Surgery | | | | | | |
| Multidisciplinary team review of procedures for implementation of a multimodal/fast-track approach? | | | | | | |
| Preoperative Measures | | | | | | |
| Patient education | | | | | | |
| Medications | | | | | | |
| Pain/Anxiety? | | | | | | |
| Nausea? | | | | | | |
| Ileus? | | | | | | |
| Intraoperative Measures | | | | | | |
| Surgical technique | | | | | | |
| Anesthetic/Analgesic | | | | | | |
| Route of administration | | | | | | |
| Postoperative Measures | | | | | | |
| NG tube? | | | | | | |
| If yes, removal when? | | | | | | |
| Oral/enteral/sham feeding (when?) | | | | | | |
| Ambulation (when?) | | | | | | |
| Descriptive pain scales employed? | | | | | | |
| Analgesia | | | | | | |
| Type | | | | | | |
| Route of administration | | | | | | |
| Treatment for ileus? | | | | | | |
| If yes, with what? | | | | | | |
| Outcomes | | | | | | |
| Duration of postoperative ileus | | | | | | |
| Time to oral intake/tolerating diet | | | | | | |
| Pain scores/use of analgesia | | | | | | |
| Time to first bowel movement | | | | | | |
| Length of hospital stay | | | | | | |
| Rehospitalization? | | | | | | |
| If yes, for how long? | | | | | | |
| Overall, do you feel that a multimodal approach was implemented for this patient? | | | | | | |
